# WE ARE C·S·S.

WE REPRESENT COMPUTER SCIENCE STUDENTS AT THE UNIVERSITY OF BRISTOL.

WHY SPONSOR US?

- **We are highly active**. CSS holds hackathons, discussion panels, talks, social events and more. In 2017-18 we ran around 30 events.

- Our department is consistently considered to be **in the top five Computer Science departments** in the UK.

- Every CS student at the University of Bristol is part of CSS. We have **over 500 undergraduates** and more than 200 postgraduates, making us one of the largest societies at the University.

- CSS sponsorship is a highly effective way to **promote your brand** and **attract top talent**. Sponsorship will ensure that you are visible to students throughout the year.

- We are in **constant communication with our members**, through our:
  - Facebook group (1950 members)
  - Website (500 users per month)
  - Twitter account (300 followers)
  - Job board (50+ jobs posted last year)
  - Monthly newsletter (400 subscribers)

  We can use these channels to maximize the value of your sponsorship.

- Our current and past sponsors include Microsoft, Bloomberg, Oracle, and ARM.

TECH TALK

£199 inc. VAT
You send the presenter; we organise food, drink, venue and advertising. We usually expect an audience of around 30 to 50 people (variable depending on the availability and interest of students).
Past talks have covered topics such as high-performance computing, JVM internals, formal hardware verification and banking security.

SPONSOR AN EXISTING EVENT

We run a number of recurring events which are popular with students. Sponsors of these events will be prominently featured in all advertising and have access to students for the duration of the event.

- ☾ **Autumn Event (November 2018)** The key event of our Autumn reading week - e.g. a hacknight or competition.

- ☾ **24 Hour Hackathon (February 2019)** The biggest event of the CSS calendar.

RUN A CUSTOM EVENT

Running a custom event is a great opportunity to talk directly our students. It is the perfect opportunity to show them interesting technical problems you work on, what its like to work at your company and what youre looking for in new engineers.
We often help our partners stage their CTFs and programming contests. If you want to run any kind of event, get in touch.

All prices include VAT. Prices may have changed since the printing of this leaflet; please contact for current details.
